

SUMMER / CO-OP 2023 ENGINEERING INTERN POSITIONS

Town & Country Engineering, Inc., a Consulting Engineering Firm providing Municipal, Stormwater, Water and Wastewater Engineering Services for over 40 years, has an excellent opportunity, at its Madison and Rhinelander offices, for an Engineering Intern Position for Summer 2023, with the possibility of a Co-op position in the Fall. Our goal is to provide a student intern with the opportunity to acquire valuable technical and engineering experience through a variety of projects that will help in the development of their own career path.

The position includes working with project engineers on municipal projects with responsibilities in the areas of construction observation, GIS, surveying, and AutoCAD drafting.

An applicant should be pursuing a Bachelor's or Master's degree in Civil or Environmental Engineering. Basic engineering knowledge and proficiency in Excel and AutoCADD is preferred. Construction observation experience is a plus.

Pay rate is \$19.00 per hour.
