Intern Program Overview

Colliers Engineering & Design offers undergraduate and graduate students the opportunity to gain real-world knowledge through its Internship and Co-op programs. During your time with us, we will give you the tools to meet your professional goals and accelerate success!

Program Details

Career Exploration Series
Explore different disciplines and learn from the professionals doing the work and growing our business through weekly webinars.

Mentorship
Through one-on-one mentorship with experts in your discipline, develop the technical and transferable skills needed to succeed in your career.

Real-World Experience
Interns complete a series of reflections, problem solving activities, participate in workshops, and create end of program presentations which highlight their learning experience.

Networking
Work on client projects from day one under the guidance of experienced professionals in your discipline.

Career Exploration Series
Leverage our network of world-class professionals to grow your personal professional circle and participate in intern events to meet and connect with your peers.

Who We Are

Colliers Engineering & Design was established in 1984 as Maser Consulting has built a legacy of engineering and architecture, design and consulting services spanning decades.

Our multidisciplinary approach to design, combined with a deep understanding of the industry and passion for innovation, has positioned us as leaders consistently delivering outstanding results in shaping the built environment.

Employee Resource Groups

To cultivate a culture of belonging for all employees, we are committed to promoting diversity, equity and inclusion in the workplace and beyond, so that every employee feels safe, supported and appreciated for being exactly who they are. We strive to extend this philosophy into all aspects of our business.

- Diversity, Equity & Inclusion
- Employee Experience Committee
- Green Team
- Wellness Committee
- Women’s Organization
- Working Parents and Caregivers

Accelerating success.
