

Environmental Co-Op Opportunity

Mosinee, Wisconsin

Passionate about the Environment?

We offer what employers look for when hiring new graduates,

EXPERIENCE!

Hands-on Environmental compliance Experience in Industry!

What do our Co-ops get to experience?

Landfill, Hydro-electric Dam, Title V Air Permit, Stack testing, Effluent Treatment, Federal and State Regulatory reporting, Inspections and more!

Are you unsure what direction you would like to take with your Environmental Degree? Are you Passionate about learning and enjoy active Problem-solving?

As a part of our team, we encourage co-ops to pursue their interests and gain useful hands-on experience that will help them find fulfilling careers after graduation. Many of our past co-ops have gone on to find careers in industry, environmental consulting, etc.

Here is an example of what you could be involved in!

Mussel Survey & Critter Rescue

On July 10th through the 12th, volunteers and members of the environmental team conducted a below dam/shore land survey and critter rescue.

In total we rescued over **1480** organisms!

- **1370** Mussels
- **91** Snails
- **6** Crayfish
- **14** Fish (Including fish rescued by a community member earlier in the morning)

Also, more than **9** bags of garbage were collected from the river and disposed of properly!

THANK YOU VOLUNTEERS!

Interested in taking a semester off from school, to gain useful, hands-on experience?
