

2025 ASCE SOUTHEAST MICHIGAN BRANCH YOUNGER MEMBER GROUP PRESENTS:

25th ANNUAL STUDENT SCHOLARSHIP COMPETITION

PURPOSE

To support civil engineering students who have demonstrated an interest in the American Society of Civil Engineers (ASCE) and the advancement of the civil engineering profession.

AWARDS

Student scholarships in the amount totaling \$2,500.00 will be awarded to the winning student(s). Winner is chosen based on the applicant's specific civil engineering involvement, goals, job skills, academic record, and response to the essay. The award will be made payable to the student's university for payment toward tuition fees. Scholarship winners will be presented with the scholarship at the April 25th Branch meeting and we highly encourage in person attendance!

ELIGIBILITY

All <u>undergraduate students</u> who will be enrolled in the 2025 Fall Term at any of the below-listed schools:

University of Detroit Mercy

Lawrence Technological University

University of Michigan

Wayne State University

Eastern Michigan University

Michigan Technological University

Students working with co-op programs during the 2025 Fall Term are also eligible. Applicants must be registered ASCE student members by Fall 2025. WARNING: Chat GPT or any other AI tools are prohibited from being used to complete this application.

SUBMITTAL OF ENTRIES

Applications must be submitted through the Younger Member Group Southeast Michigan Branch. Minority candidates are encouraged to apply. Please direct any questions or concerns to Sarah Barrett, YMG SE Michigan Branch Vice-President, at (734) 466-4540 or sarah.barrett@ohm-advisors.com.

Please return the completed application and essays to the following address:

Email to: sarah.barrett@ohm-advisors.com

OR

OHM Advisors 2365 Pontiac Road, Suite 201 Auburn Hills, MI 48326 Attn: Sarah Barrett

Applications must be returned no later than 5:00 PM on Monday, March 31, 2025.

- **V. Proof of Enrollment**: Attach a copy of your tuition receipt or current registration card.

2024 ASCE SOUTHEAST MICHIGAN BRANCH STUDENT SCHOLARSHIP APPLICATION

VI. Essay:

From the three topics listed below select one topic to write an essay on. Essays should be double-spaced, 12-point font, and no more than 1,000 words in length. Applicant's name shall be included in the footer of the essay.

- 1. What do you consider to be the greatest civil engineering achievement of all time? Why?
- 2. What ethical and professional responsibilities do you feel civil engineers have to the public at-large?
- 3. There has been much debate in recent years over what constitutes an appropriate body of knowledge for a professional civil engineer. These proposals have been called many things, such as Policy 465, Body of Knowledge, or Bachelors + 30. What are your thoughts on possible requirements for CE students to obtain graduate-level education prior to their eligibility for professional licensing? What impact (positive or negative) could this have on civil engineering education and professional practice?
- 4. There have been many innovative technological advances within the civil engineering industry over the past couple of decades. How have technological advances impacted the civil engineering industry? In your opinion which emerging technology has the potential to most significantly impact the civil engineering industry in the future?
- 5. The ASCE Code of Ethics, which was adopted in October 2020, states that engineers shall "consider and balance societal, environmental, and economic impacts, along with opportunities for improvement in their work". How would you assess your work to meet this standard? What scoring criteria, weighting factors, or other methods would you utilize to determine if you've been successful? If you have an example project that has successfully balanced these elements please elaborate on that project and how it achieved this standard.
