Attention College of Computing Juniors & Seniors! Join us for a networking event!

Hosted by Michigan Techs College of Computing, MTU Partner Engagement Program and Remote Workforce Keweenaw

Details

Our goal is to help employers connect with local talent and become familiar with remote workers. This is your opportunity to network and meet others who are new to the area and those working remotely.

Students: If you're thinking of remote work as a way to stay in the area, come and learn what current remote workers are doing for work and how they're doing it.

Faculty Partners: This is a great opportunity to learn about remote work options, meet local hiring companies, and get introduced to many social and nonprofit organizations in the area.

Wednesday, October 12, 2022
Rozsa Center Lobby
Michigan Tech Campus
4–7 pm

A special thank you to our sponsors for making this event possible!
