

NATIONAL COMMUNITY COLLEGE CYBERSECURITY FELLOWSHIP PROGRAM

College/University Students, Explore Opportunities and
Careers in Education!

WHO SHOULD ATTEND

Open to college/university students in their final year of or recently graduated with a bachelor or master's degree in cybersecurity and are interested in exploring the career path of teaching cybersecurity in a community college setting. This workshop is not for current cybersecurity college/university faculty.

ABOUT THE PROGRAM

Participants will embark on a dynamic two-day virtual orientation workshop, totaling 16 hours. Content will prepare you for the Microsoft Certified Educator (MCE) certification exam.

This will be followed by a 7-day intensive bootcamp, which includes two days of in-person instruction at Moraine Valley Community College and five days of virtual instruction for a total of 40 hours.

Upon successful completion, participants will be placed at a participating community college as a teaching assistant, where they will contribute a minimum of 60 hours of service and lead at least one lesson. Collaborating with their host college supervisor, participants will co-create a flexible schedule and assignments that align with their strengths and goals.

Eligible participants will receive a stipend of up to \$4,500 based on successful achievement of the following milestones.

- Complete orientation workshop and submit badge transcript/achievement certificate - \$250
- Pass the Microsoft Certified Educator (MCE) certification exam and submit evidence of certification - \$250
- Complete the summer bootcamp 40 hours and participate in bootcamp activities - \$1,000
- Travel per diem - up to \$1,200 for two days hotel, meals, and airfare for non-local residents. Must complete a travel support agreement.
- Complete teaching assistance assignments - up to \$1,800. Participants are required to teach one lesson in a regular community college classroom and provide the required deliverables per a student teaching assistant agreement.

ORIENTATION OPTIONS

May 19-20, 2023 Application deadline: May 7, 2023 or until filled.	June 2-3, 2023 Application deadline: May 22, 2023 or until filled.
