MTU GeoPortal Lunch-n-Learn Launch Event

The Geospatial Research Facility (*GRF*) is excited to announce the unveiling of the **MTU GeoPortal** and cordially invites everyone from MTU community to attend a lunch-and-learn launch event.
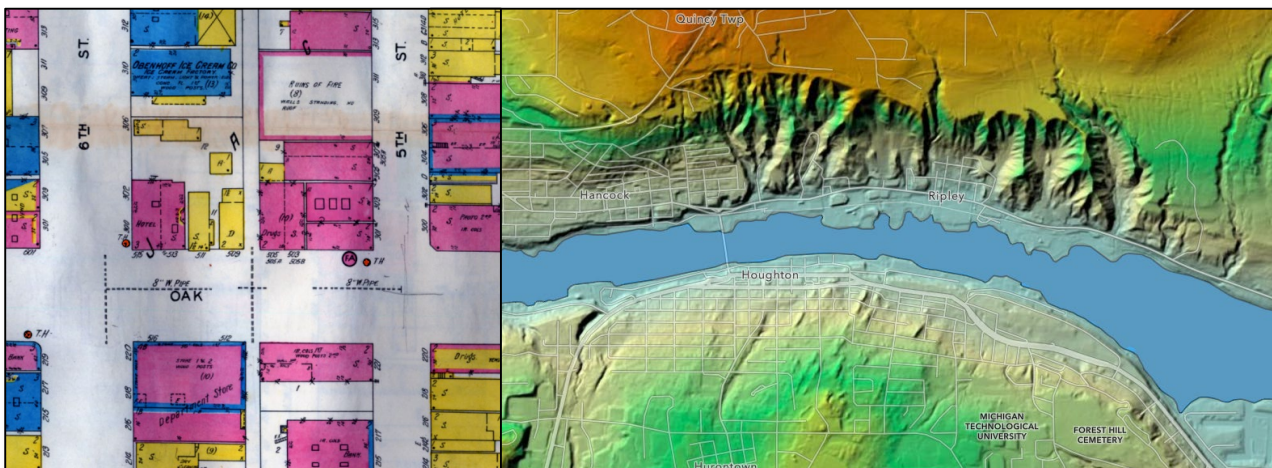

What is the MTU GeoPortal?

The **MTU GeoPortal** is a multidisciplinary, one-stop-shop for maps and GIS datasets for the Great Lakes Region and beyond. The aim of the GeoPortal is to supply **students**, **faculty**, and **staff** conducting geospatial research at Michigan Technological University with *authoritative* and *unique* geospatial data online with easy-to-use geospatial analytical tools.

Lunch-n-Learn Event:

- **Date**: November 14, 2023, from 12 p.m. to 1 p.m.

- **Location:** The Great Lakes Research Center Auditorium and Atrium (GLRC 202)

- **Details:** The event will feature an overview of GRF resources and services, short presentations by GRF Staff of recent and on-going research projects and an overview of the MTU GeoPortal's functions, features, and benefits to the MTU research community.

Lunch will be provided!
