

CDAO Tradewinds Program Presents:

ARTIFICIAL  
INTELLIGENCE (AI)  
STUDENT VIDEO  
SHOWCASE  
**PRIZE CHALLENGE**

# 3 minute video challenge!

The Department of Defense invites college students to the first annual AI Student Video Showcase Challenge! This challenge will:

- Make your resume shine
- Win prize money! Winning videos receive \$250
- Open doors to opportunities

The challenge is simple - make a **3:00 minute video on any of the following topics.**

Your video can be as simple or as fun as you'd like - **from you talking into your phone camera for a few minutes, to a TikTok style video with music.** The degree of simplicity or creativity is totally up to you -- we're most interested in the tech.

You can even choose to submit a video to more than one topic --each category winner receives \$250.

## Video Topics:

- Concept of natural language processing
- Types of AI solution
- Concept of LLMs
- Types of AI applications
- Data structure
- Ontologies and how they relate to AI
- RPA tools
- Role of cloud and data in AI
- Responsible AI
- AI wildcard - pick your own

## HOW TO ENTER:

**Step 1:** Upload your video(s) to YouTube.

Ensure we can view your video.

**Step 2:** [Complete this Submission Form](#)

This short form includes your video topic, and the YouTube link to your video.

## TIMELINE:

- Challenge Video Solicitation Opens: October 20, 2023.
- Challenge Video Solicitation Closes: November 10, 2023.
- Submission Judging: November 13, 2023.
- Winners Announced: early December, 2023.

**Late submissions will not be accepted.**

## JUDGING:

Submitted videos will be evaluated by a panel of esteemed judges composed of AI experts, academics, and industry professionals. The judging criteria includes clarity, accuracy, creativity, adherence to challenge guidelines and overall presentation.

**[Submission Form Here](#)**

Eligibility : This challenge is open to students in the U.S. currently enrolled in an American public or private undergraduate degree program or community college program.

Select Topic(s): Students may select one (1) or more of from the following AI topics to create their 3:00 minute video:

- Concept of natural language processing
- Types of AI solution
- Concept of LLMs
- Types of AI applications
- Data structure
- Ontologies and how they relate to AI
- RPA tools
- Role of cloud and data in AI
- Responsible AI
- AI wildcard – pick your own

Submission Guidelines:

- Multiple Submissions: You may submit a video to more than one (1) category. Each submission requires its own Submission Form.
- YouTube: Upload your 3:00 minute video(s) to YouTube and share the link with your submission(s).
- Length: Videos may not exceed 3:00 minutes in length.
- Clarity and Content:
  - Topic: Select a video topic from the list included in this announcement.
  - Make it as simple - or as creative - as you'd like!
