

2018 Water Festival

at MTU's Great Lakes Research Center

FREE for 4-8th grade students in CCISD & GOISD

Science & Engineering
STEM Careers
Great Lakes Stewardship

Registration is open! Teachers can register 4th—8th grade classes to attend an exciting array of activities that will increase students' knowledge of Great Lakes science, engineering, careers, and more! During each half-day session, students attend four 35-minute activities.

The Water Festival is designed to: offer engaging standards-based experiences taught by MTU scientists, graduate students, and community experts involved in Great Lakes research and STEM career fields. Activities will span content areas, providing hands-on learning opportunities for students.

What will be offered?

- Great Lakes Fish
- Remotely-Operated-Vehicles (ROVs)
- U.S. Coast Guard
- Physics of clouds
- Low impact development
- Remote Sensing
- Leave No Trace
- Recycling
- Energy Efficiency
- Drinking water quality

Western Upper Peninsula STEM Network

Choose one session to attend:

Morning: 8:45 - 11:30 am
Afternoon: Noon - 2:50 pm

Register Early!

(space for 15 classes per session)
