

# Community Agriculture & School Gardens: Engaging Students in Place-Based Learning Educating for a Sustainable Future Workshop for K-8 Educators

Thursday,  
March 7th  
4:30-8:00 pm  
104 GLRC

- ◇ Engage students in an interdisciplinary exploration of where their food comes from—soil, plants, animals, and community.
- ◇ Practice protocols for collaborative consultancy.
- ◇ Become familiar with new garden activities and resources.

**WHY COME?**  
Receive 3 SCECHs,  
classroom activities,  
gardening book, and  
garden tool!
