

Fall 2015 Green Lecture Series Presents:

Energy Efficiency in Your Home

Find Out What Can YOU Do?

7:00-8:30 pm, Thursday, October 15

LOCATION: G002 Hesterberg Hall, MTU Forestry building

COST: FREE Enjoy coffee, dessert, and discussion

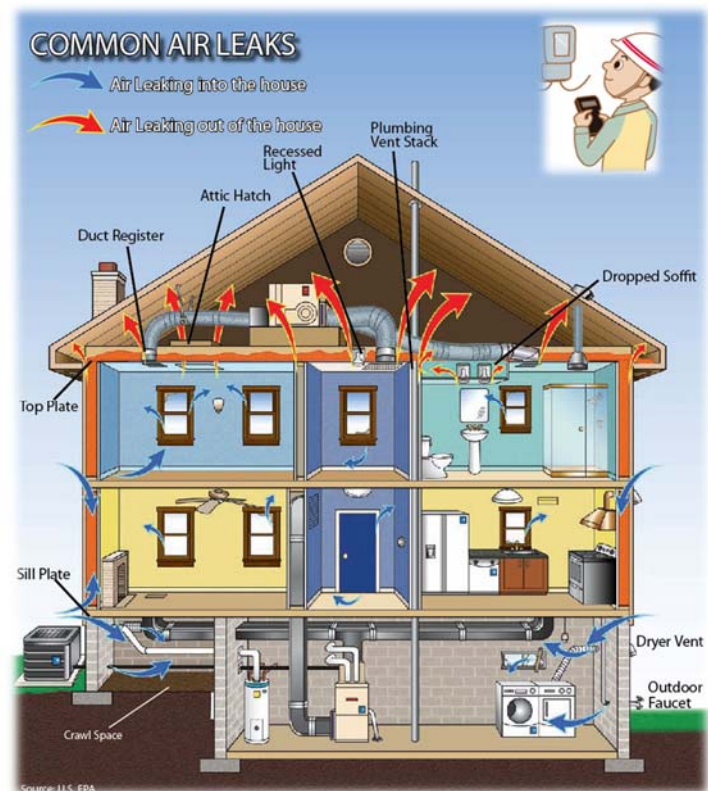

Bring Your Own Mug!

Low to NO-cost ways to reduce home energy use NOW!

Hands-on demonstrations for DIY caulking, faucet aerators, filter sizing and changing, dry venting, and fireplace chimney work

Take home a checklist to inspect your own home and LEARN:

- How to define your thermal boundary,
- About furnace filters and how they affect heating comfort and cost,
- How “phantom” items are using power even when not in use,
- How air infiltration into your home quickly removes heat,
- The most cost effective way to save \$ and sign up for a FREE energy assessment of your home.

PRESENTER: Yvonne K. Lewis, Program Manager & Energy Assessor, CLEAResult

Cosponsored by Lake Superior Stewardship Initiative, Michigan Tech Dept. of Social Sciences, Michigan Tech Center for Water & Society, Keweenaw Unitarian Universalist Fellowship, and the Keweenaw Land Trust
