Academic advisor's role

- ▣ Advising Syllabus – use as a guide/checklist for advising
- ▣ Assist students with:
 - Developing an academic/educational plan
 - Course scheduling/registration
 - Interpreting University policies and procedures
 - Seeking out services/resources as needed
 - Opportunities: internships, co-op, curricula, study abroad, etc.
 - Refer to faculty as needed for specific professional interests
 - Clarification of career and life goals

We are your primary contacts for questions and concerns and can refer you to the specialists you need if we are not the right resource.

Plan to meet with us at least before registration each semester, but anytime you need to also.

When faced with a difficult question or challenging situation, your academic advisor is always a good place to begin

Be prepared to meet with academic advisors...

- ▣ Know your M number which is not your social security number. It's 8 digits after an 'M'. It is on your Tech ID.
- ▣ Bring any previously marked-up flow charts, notes, forms, etc. when you meet with us
 - Create and maintain a personal academic records folder
 - Take notes during advising meetings
- ▣ Do not email advisors separately
 - Use meadvise@mtu.edu
 - Use your Michigan Tech email account.
- ▣ Michigan Tech has an online directory and A2Z for looking up contact information:

<https://www.mtu.edu/directory/>

<http://www.mtu.edu/a2z/>

- This will save you time if you are just contacting us to find a location, phone number, or email address.

ME Advising Web Page

www.mtu.edu/mechanical/undergraduate/advising/

Lot's of FAQs, links, forms...

A good first stop for advising information, see an advisor with questions.

Advising Feedback

Please feel free to come and see us with concerns or to discuss your advising experience. Please understand that advisors don't make decisions. We have to execute university and department policies.

I heard that...

- ▣ If you hear things regarding curricular issues and academic policies from a friend, there is a good chance that you have incorrect information. Even though what they are saying may be correct **for them**.
- ▣ Verify with an ME Academic Advisor or department responsible for the policy

MyMichiganTech

- ▣ Personal portal for academic information
- ▣ Links to BanWeb and many other useful sites
 - Confirm current incoming credits if applicable
- ▣ Interactive degree audit
- ▣ Guest access
 - Grant through BanWeb – scroll to far right
 - Required if you want us to be able to talk to your parents regarding your academic record.

Canvas

- ▣ Learning management system for coursework.
- ▣ Most courses will have a Canvas component.

First-Year Students

Adding or dropping a class

During Orientation and week 1
(through September 2nd):

- ▣ Contact academic advisor and/or Registrar's Office (schedule@mtu.edu) for changes

After Week 1:

- ▣ Fill out first-year add/drop slip with advisor
- ▣ Instructor signature (approval) required to add
- ▣ Instructor signature (approval) also required to drop after week 3.
- ▣ Can replace slip with email approvals.

Mid-Term Grades

- ▣ Mid-Term grades of satisfactory or unsatisfactory are assigned for first-year students during the fall and spring semesters.
 - Satisfactory 'SA' ='C' or better at mid-term
 - Unsatisfactory 'UN' = lower than 'C' at mid-term
- ▣ First-year students with 2 or more 'UN' mid-term grades are considered in danger of academic probation and must meet with the student success center. Academic advisors will reach out as well.

Academic probation if:

- ▣ After final semester grades:
 - Cumulative GPA is below 2.00, or
 - Most recent semester GPA is below 2.00, or
 - Departmental GPA is below 2.00, based on at least 16 credits of MEEM courses
- ▣ Changed (back) to 'good standing' when **ALL** of the above GPAs are 2.00 or higher
- ▣ A student who performs poorly in the Fall 2022 semester will be on probation for Fall 2022 (retroactive)
- ▣ All first-year students placed on academic probation should contact an ME academic advisor regarding registration for Spring 2023.

If things don't go well...

- ▣ Repeat any grades lower than 'C' as soon as possible (especially MA, ENG, PH, CH, MEEM). Do not move ahead to the next course in a sequence with 'CD' or 'D' grades.
- ▣ You **must** earn a 'C' or better in MA 2160 to take MEEM 2110 or MEEM 2201.
- ▣ There may be consequences with financial aid with repeated coursework, so contact that office to discuss your status and options.

Proper Course Loads

- ▣ Part of best-practice time management is taking on proper course loads.
- ▣ An appropriate graduation date is the result of appropriate academic planning. Strictly planning to a date can be dangerous.
- ▣ Academic performance ought to be your highest priority. Your employment opportunities are best at 3.00 GPA or higher.
- ▣ Number of courses can be more an indicator of load than number of credits.
 - Typically a semester load should be 4-5 courses (plus maybe labs) with one of those 4-5 being a general education course if possible.

Time Management

- ▣ How much time is required to be successful in your college studies?
- ▣ Good rule of thumb – Minimum 2-3 hours of study/prep time for each hour in class
- ▣ Typical 15 credit schedule means
15 class hours + 30 study/prep hours minimum =
45 hours minimum per week
- ▣ Use a calendar/planner (paper, phone, online, etc).
- ▣ Make a study schedule.
- ▣ Study in a distraction-free environment.

MANAGE YOUR TIME WISELY!

Time Log

- ▣ How are you spending your time?
- ▣ Keep log for two weeks.
- ▣ Analyze your results:
 - Are you sleeping 7-8 hours per night (minimum)?
 - ▣ Trying to 'catch up' on sleep on the weekend is not as healthy as a consistent sleep schedule
 - ▣ Try to wake up within the same hour each day.
 - Are you getting enough exercise?
 - Are you attending ALL of your classes?
 - Are you studying 30-40 hours per week outside of class time?
- ▣ If you have the time, get involved in campus activities, but not over-involved.

Repetitive Study

- ▣ Why does it take this much time to be successful?
- ▣ Repetitive study is an effective strategy for good academic performance.
 - Preview material
 - Attend every class
 - Take good notes
 - Review notes and formulate questions
 - Complete homework/practice problems
 - Work on projects/labs as applicable
 - Learning Center appointment/usage
 - Instructor's office hours
 - Study for quizzes/exams

Be a Professional Student

- ▣ Come to campus and stay on campus.
 - Treat your studies like a full-time job.
 - Have purpose to your study locations and time periods.
 - Go to class, every class.

- ▣ Be detail-oriented
 - Check your Michigan Tech email at least daily.
 - Pay attention to communication:
 - ▣ Emails – especially from instructors, advisors, Wahtera Center for Student Success, Dean of Students, etc.
 - ▣ Canvas – will be **VERY** important for your classes.
 - ▣ BanWeb – Checking schedule, changing classes, checking grades, current GPA, etc. OTLs will get you started.

Campus Resources – Use Them!!!

- ▣ Faculty (office hours and by appt)
- ▣ Learning Centers
 - For all subjects you are studying plus success coaches
 - Weekly appts recommended where available (see course numbers on ME tips handout) or walk-in
- ▣ Wahtera Center for Student Success
- ▣ Resident/Commuter assistants
- ▣ Upper-class students (with caution)
- ▣ Counseling Services
- ▣ Career Services
- ▣ Academic Advisors (can refer you as needed)
- ▣ Further Orientation Sessions

Extra-Curricular Activities

Enterprise Teams

Career Services

- ▣ www.mtu.edu/career/events/career-fest/
- ▣ Fall 2022 Career Fair - Sept. 21st
- ▣ On-Campus Jobs Expo – August 31st
- ▣ Spring Career Fair (February 2023)
- ▣ Internships for Summer 2023 are very appropriate for first-year students. Summer interns may be hired from either semester's Career Fair.

BE PREPARED & GO TO THE FALL CAREER FAIR!

See you later in the fall...

- ▣ Fall first-year academic advising meeting
October 17, 2022, 6:00pm – Fisher 135
- ▣ Watch your email for meeting notices and plan to attend.
- ▣ Will cover spring semester scheduling and registration, longer-term academic planning, important university policies, and more in greater detail...
