

!! IMPORTANT !!

MAE Course Changes Coming Fall 2025

Changes will:

- NOT increase your total credits,
- NOR delay your planned graduation date.

Fall registration starts March 9 – talk with an MAE Academic Advisor to:

- understand how these changes affect you, and
- find out your options moving forward.

1. ME2901 MEP-1 and ME3901 MEP-3 will become 3-credit courses.

- We have plans if you have completed one or both of the 2-credit versions.
- Talk with an MAE Advisor about your options.

2. MEEM 3600 (3 credits) will be replaced by ME3601 (4 credits).

- We have plans if you have completed MEEM 3600.
- Talk with an MAE Advisor about your options.

3. There is a new “Essential Education” option that can replace Gen Ed requirements.

- Choosing the Ess. Ed. path means EC3400 is not needed for your BSME degree.
- Talk with an MAE Advisor about your options.
